

Thomas Harding Junior School

Safeguarding across the Curriculum

2025-2026

The Thomas Harding Junior School Vision:

Aspiration, at the heart of our curriculum, inspires and challenges all children to reach their full potential through rich and exciting opportunities. This will prepare them to excel at secondary school and then attend a further educational institution or career path of their choice.

We value individual well-being and happiness, keeping every child safe, building character, resilience and developing the skills for lifelong learning.

ASPIRATION AT THOMAS HARDING **OUR ASPIRE VALUES**

We realise our vision with a set of core values - that permeate all that we do. From the moment a student or member of staff arrives at Thomas Harding we ask them to live these values: These are values that underpin society in the modern world and reflect who we are as a school, recognising every individual for who they are, regardless of starting points and backgrounds.

Aspiration – Our children, staff and families understand that regardless of starting point, we can all hope for a better future. Aspirations are limitless and they encourage us to strive for more.

Success- Our children, staff and families work together for individual success, with clear boundaries and very high expectations of behaviour, alongside positive praise and inspirational opportunity for all.

Pride – Our children, staff and families are proud of who they are, their achievements and the community that they live in. They have high expectations of themselves and others.

Integrity - Our children, staff and families are open, honest and trustworthy, they show commitment to what is right and demonstrate respect for themselves, others and our community.

Resilience- Our children, staff and families are confident, resilient and independent learners who have growth mind-sets and are able to communicate effectively with others

Equality- Our children, staff and families demonstrate a pride in our diversity and always feel valued and equal in every respect, regardless of starting points, background, gender, culture or religion.

Our Ethos

At Thomas Harding Junior School we believe in putting our children at the heart of everything we do in order for them to achieve their full individual potential. For every child within our care, it is our soul endeavour to nurture and develop the skills they need to become independent, confident and successful in adult life, no matter where that life may lead. In parallel we strive to create an environment where pupils feel safe to express themselves, valued and happy in their learning. At Thomas Harding, pupils and staff are proud to be part of something special where positive experiences are gained, lasting friendships are formed and fond memories are made and embraced.

Safeguarding

Keeping Children Safe in Education 2023 refers to Safeguarding as the following:

Safeguarding and promoting the welfare of children is defined for the purposes of this guidance as:

- *protecting children from maltreatment;*
- *preventing impairment of children's mental and physical health or development;*
- *ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and*
- *taking action to enable all children to have the best outcomes.*

Pupil safeguarding and the promotion of fundamental British values are a core business of our ethos at Thomas Harding Junior School. Great importance is placed on identifying opportunities in the taught curriculum for children to learn about safeguarding. Our broad curriculum gives pupils opportunities to experience life in all its diversity, to acquire knowledge, understanding and skills that significantly impact on personal development, behaviour and welfare and equips every child with the knowledge and skills required for personal safeguarding.

Our PSHE curriculum covers all areas of Safeguarding through each of the strands to a different degree, however some go into more detail. We are sensitive in our teaching and recognise that some more sensitive subjects need to be taught at an age-appropriate level, or at a small group or 1:1 level where a more urgent need arises.

We plan to constantly challenge children to think deeply about safeguarding matters and their own personal physical and mental wellbeing. We value pupils' questions and give them space for their own thoughts, ideas and concerns. We give them opportunities across the curriculum to explore values, personal rights, responsibilities and equal opportunities that develop moral concepts that impact positively on safeguarding, promote British values and prevent radicalisation and extremism.

The Legal Context

These duties are set out in the **2002 Education Act** (the **2010 Academies Act** also refers to the broad and balanced curriculum). Schools also have statutory responsibilities in relation to promoting pupil well-being and pupil safeguarding (**Children Act 2004**) and community cohesion (**Education Act 2006**). The **Equality Act 2010** also places duties on schools to help to reduce prejudice-based bullying and in doing so to keep protected characteristic groups safe. PSHE education plays an important part in fulfilling all of the responsibilities (see further detail on PSHE education and safeguarding, below).

Keeping Children Safe in Education 2023 states:

Safeguarding and promoting the welfare of children is everyone's responsibility. Everyone who comes into contact with children and their families has a role to play. In order to fulfil this responsibility effectively, all practitioners should make sure their approach is child centred. This means that they should consider, at all times, what is in the best interests of the child.

It is essential that everybody working in a school understands their safeguarding responsibilities.

How does Thomas Harding address specific Safeguarding issues within the School's Curriculum?

Teaching pupils to keep themselves safe, and promoting resilience and independence is integral to all curriculum practice. Below are identified areas taught within the curriculum, which are differentiated to meet the needs of individual pupils. In addition, as situations arise, these are seen as opportunities to further develop knowledge and skills. Safeguarding is promoted in assemblies, through council meetings, through PSHE and RSE sessions, via surveys and questionnaires and by staff modelling good practice.

Please see the table below for a map of our safeguarding curriculum

Safeguarding Curriculum Coverage

Online Safety

- * E-Safety Week
- * Computing Curriculum – E-safety Module in each year group.
- * Annual parent and carers training
- * THJS key pillars of Online Safety
- * Pupil/parent E-safety page on website
- * Cyber-Busters club and whole school support.
- * Assemblies
- * Internet Safety Day
- * NSPCC workshop and assembly

PSHE Curriculum

- * **PSHE Y3** – rules for being online
- * **PSHE Y4** – how to keep safe online
- * **PSHE Y5** -managing online safety (strategies) including on mobile phones
- * **PSHE Y6** – trolling online and how to stay safe and get help. Managing dares

Computing Curriculum –

- * **Y3 – Cyberbullying** (what it is and how to report it) Keeping information to yourself online. How adverts work online. Positives and negatives of online communication Importance of having time away from devices.
- * **Y4 – Cyberbullying** People feelings and the differences/similarities between unkindness and bullying online V real life. How to create a safe online profile. What information we should and should not share. What is in your digital footprint?
