PSHE

Create a poster to show the different kinds of responsibilities you have (for example, at home, at school, in the local community, for the environment).

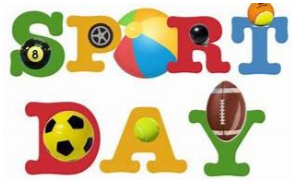

Computing

Learn to code using the Hour of Code website.
Try a one hour tutorial and learn a new skill.
www.hourofcode.com

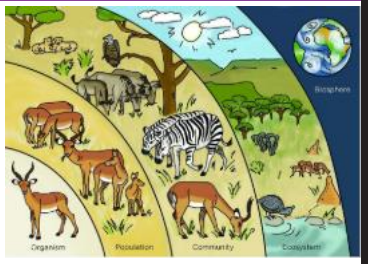

PE

Invent a new game for Sports' Day. Think about the rules and what equipment you will need. Write down the rules and add diagrams so that you can play the game (or complete the race) with some friends.

SCIENCE

Our science topic this term is **Living Things and their Habitats.** Design a habitat that will provide warmth and shelter for an animal of your choosing. Describe why you have made the design choices.

Year 5 Tic Tac Toe
(Summer)

Here are some OPTIONAL tasks for you to complete throughout the summer term. You can choose if you would like to complete one alongside your other homework tasks ☺

History

Research famous Viking Gods and create your own top trumps game using the information you gathered. Think carefully about the ratings that you give each God, use your research to support you.

Wellbeing Options

1. Keep a sleep diary over the course of a week to check if you have been getting enough sleep each day. If you're not getting enough, how could you get more?

2. Think about times when you have been brave. How did you overcome your fears?

3. Write a letter to yourself in a week, month or year. What goals do you hope to achieve by the time you read your letter again?

DT

Have a go at making a moving toy.

- What element will you make move?
- What shaped cogs will you use and why?

Bring in your moving toy to show the class.

Coming to the end of Year 5…

As we approach the end of Year 5. What have you enjoyed about the year? How have you developed? Write about your year and how you plan to start Year 6.
